Description

Sea Breeze is a beautiful seaside property of great value offering a fantastic investment opportunity, returns to investment and an annual income of 6 %.

The name Sea Breeze is very much inspired by its location as the complex profits eminently from special natural conditions which offer an extremely healthy combination of sea and mountain climate. Sea Breeze is placed at the southern Bulgarian Black Sea coast in the newest part of the costal village St. Vlas, bordering on the biggest Bulgarian sea resort Sunny Beach. As a result of its central location within the beautiful bay between the ancient town of Nesebar and Cape Emine, all the holiday recourses of the so called Bulgarian Riviera are easily accessible.

Attractions

The location of the apartment building in St. Vlas guarantees peace and intercourse with nature, and all the attractions of tourist day and night life. The building is located on a hill slope but the center of Sunny Beach is just a couple of kilometres away. There are aqua parks, music clubs, bars, restaurants offering folk performances and live music, indoor and beach discos, casinos etc. Do you want to ride quads in the wilderness or horse ride in the mountains, or perhaps dive in search of sunken shipwrecks? This place offers it all. Those who love history and culture will not be disappointed - the ancient city of Nessebar is on the other side of the bay. Or perhaps you want to go to Istanbul? It is not a problem - the hydrofoil boat will take you there. There are many attractions and nobody will be disappointed. A small holiday train will take you just about everywhere.
