Description

Complex Siana 3 is the third newest part of Siana Project, located in the eastern part of Saint Vlas, some 200 m. from the sea. Siana 3 is in close proximity to the other two complexes. Architecturally, the complex blends in with the entire project and is built very well in an esthetic, artistic and functional aspect. It comprises three five-storey buildings housing a total 95 apartments - single -room (with one bedroom) and double - room (with two bedrooms) ones and studio flats. The apartments range between 35 sq.m. to 150 sq.m., with

a maximum easterly aspect overlooking the sea and the yacht pier. There are two swimming pools and a park area in the complex. The owners and guests of Siana 3 can avail themselves of all leisure facilities on the premises of the complex - an English restaurant with 140 seats, shops, a sauna, a solarium, a gym, a beautician's and a hairdresser's.

The entire complex is secured and fenced off, including the park area and the swimming pools to ensure that families with children will have peace and quiet and thoroughly enjoy their holiday. The complex has a free car park for its guests and 24-hour security system.

Attractions

The location of the apartment building in Sveti Vlas guarantees peace and intercourse with nature, and all the attractions of tourist day and night life.
