## Description

Complex Siana 3 is the third newest part of Siana Project, located in the eastern part of Saint Vlas, some 200 m. from the sea. Siana 3 is in close proximity to the other two complexes. Architecturally, the complex blends in with the entire project and is built very well in an esthetic, artistic and functional aspect. It comprises three five-storey buildings housing a total 95 apartments - single -room (with one bedroom) and double - room (with two bedrooms) ones and studio flats. The apartments range between 35 sq.m. to 150 sq.m., with

a maximum easterly aspect overlooking the sea and the yacht pier. There are two swimming pools and a park area in the complex. The owners and guests of Siana 3 can avail themselves of all leisure facilities on the premises of the complex - an English restaurant with 140 seats, shops, a sauna, a solarium, a gym, a beautician's and a hairdresser's.

The entire complex is secured and fenced off, including the park area and the swimming pools to ensure that families with children will have peace and quiet and thoroughly enjoy their holiday. The complex has a free car park for its guests and 24-hour security system.

## Attractions

The location of the apartment building in Svety Vlas guarantees peace and intercourse with nature, and all the attractions of tourist day and night life. The building is located on a hill slope but the center of Sunny Beach is just a couple of kilometers away. There are aqua parks, music clubs, bars, restaurants offering folk performances and live music, indoor and beach discos, casinos etc. Do you want to ride quads in the wilderness or horse ride in the mountains, or perhaps dive in search of sunken shipwrecks? This place offers it all. Those who love history and culture will not be disappointed - the ancient city of Nessebar is on the other side of the bay. Or perhaps you want to go to Istanbul? It is not a problem - the hydrofoil boat will take you there. There are many attractions and nobody will be disappointed. A small holiday train will take you just about everywhere.
