Attractions

ATTRACTIONS

Sunny Beach (Bulgarian, Slănčev Briag, Slynzew Briag) is the largest and most prominent Bulgarian resort on the Black Sea,

situated on the picturesque bay, sheltered from the north by Bulgaria's longest stretch of the Old Plana. The weather provides 1700 hours of sunshine from May to October which makes the summer in this area considerably longer so you can plan your holiday before and after the season.

Sunbathing

Sunny Beach has an eastern exposure, which makes it possible to enjoy the sunshine on the beach from the morning. The sandy coast of the resort stretches for 8 km and is wide from 30 to 60 m. The beach is covered with fine golden sand. Sea bath encourages the formation of the bottom - at the height of Sunny Beach the bottom drops very gently, is equal and safe. The average water temperature in the summer months is 24 ° C. The beach in Sunny Beach is free, with access to beach equipment (sun loungers and parasols).

Tourist infrastructure of the resort

Sunny Beach boasts a very good tourist infrastructure - there are several hundred hotels, apart-hotels and smaller guest houses. There are even more bars, restaurants and nightclubs around the hotel, the beach and the main promenade. "Avenue of flowers". Not without reason Sunny Beach is sometimes called Las Vegas of Eastern Europe. Visitors to the tourist resort will find many attractions both day and night.

Tourist attractions

In the immediate vicinity of Sunny Beach is Nessebar - a charming, historic town, very different from the tourist resorts of Bulgaria. Old Town of Nessebar is listed on the UNESCO World Heritage List. The town is so close you can go on foot, for example by the sea. In the town itself there is a unique atmosphere of narrow, winding streets with characteristic houses and numerous souvenir stalls attracting visitors.

In Sunny Beach and its surroundings, there are 2 aquaparks worth recommending. Action Aquapark on the Sunny Beach ring road is popular not only with children, but also with adults and is famous for the largest? 18 m high and 120 long slides. Paradisew Neseberze Aquapark is Bulgaria's largest amusement park and attracts thousands of visitors every year.
